

# Ayelen Llampa

Front End Developer

Buenos Aires, Argentina  
(+54) 9 1154782538  
ayelenllampa88@gmail.com  
/in/ayelen-llampa1988/

Proactive front-end developer with experience building individual and group projects using **Typescript**, **JavaScript**, **React**, **Next Js**, among others. Knowledgeable in **GIT**, data structures, frameworks like **Bootstrap** and **Tailwind CSS** and **API's RESTFUL** integration. Excels in collaborative environments and is looking for new challenges, currently seeking a remote position as a Front End Developer within dynamic and high-performance teams. Passionate about developing web applications and always eager to learn new technologies to enhance work.

## EXPERIENCE

**No Country, Argentina - Front End Web Developer** *August 2023 - Present*

- Collaborated with cross-functional development and design teams to create responsive and user-friendly web applications.
- Utilized Agile methodology (SCRUM) to manage projects, ensuring timely delivery and effective communication within the team.
- Designed and implemented visually appealing and functional user interfaces while ensuring cross-browser compatibility.
- Integrated third-party APIs and libraries to enhance website functionality.
- **Technological Stack:** Typescript, JavaScript, API Rest, React Js, Next JS, Node Js, HTML, CSS, Tailwind CSS, MongoDB, Vite, Figma, Canva.

**No country, Argentina - Team Leader** *August 2023 - September 2023*

- Successfully led and managed three separate teams, each consisting of multiple members, to achieve project goals and deliverables.
- Promoted a collaborative and communicative atmosphere within each team, fostering a sense of unity and shared responsibility.
- Defined and communicated clear objectives for each group, distributed tasks, and closely monitored progress to ensure project milestones and deadlines were met.

**Cheers, Spain - Full Stack Web Developer** *March 2023 - August 2023*
